OKY3162

Product Name:ISD1700 Voice Module Series Voice Recording Module Play ISD1760 Module For Arduino

Product Module： OKY3162

Product Description:

1. Size: 5.2CM * 5.5CM.

2. Power supply: 5V.

3. Recording time: 6K at 75 seconds, 8K for 60 seconds.

4. chip operating frequency 6KHZ and 8KHZ optional.

5. with power indicator light, the chip indicator lights.

6. Simple operation, no microcontroller or other modules will be able to work directly.

7. chip control pin is already leads to facilitate the control connection.
