

OKY3417

Product Name: AT24C256 I2C EEPROM I2C Interface Data Storage Module For Arduino

Product Module: OKY3417

Product Description:

1. AT24C256 I2C.
2. Onboard 4-Pin chip socket for mounting on AT24C256 chip.
3. Pin header power supply, on-board power indicator.
4. Onboard the I2C communications required pull-up resistor.
5. All pin leads and labeling, can directly address input and write-protect pin jumper settings.
6. Terminal Number: 4-Pin.
7. Material: PCB, Plastic, Electronic Component.
8. Color: Blue, Red.
9. PCB Size: 36.5*12mm.
10. Weight: 6g.
