

OKY3487

Product Name: Mini W5100 LAN Ethernet Shield Network Module Ethernet Module

Product Module: OKY3487

Product Description:

1. Multiple interfaces can be chosen: direct bus, indirect bus and SPI bus.
2. Supports hardware TCP/IP protocol stack, supports TCP, UDP, ICMP, IGMP, ARP, PPPoE., IPv4.
3. Up to 4 separate ports.
4. Internal integrated 16KBYTE transceiver caching.
5. Multiple information indicating output, including RX, TX, Full/Duplex, Collision, Link, Speed.
6. Supports automatic polarity conversion (DMII/MDIX).
7. 3.3V power supply, IO signal compatible with 5V voltage.
8. With the network port, double 2*14 2.0mm pin.
9. Size: 5.2x3x1.5cm (L*W*H).
