

OKY0100-1

Product Name:Carbon Film Resistors 1/4W 0.25W Full Range of Values

Product Module: OKY0100-1

product name	1/4W Carbon film resistor $\pm 5\%$
Features	Carbon film resistors (CFR/CCR)
	Stable performance, extensive resistance, small size, high operating temperature, and high ultimate voltage
	Highly adaptive pulse load, good high frequency performance
	Operating ambient temperature: -55 to 125°C
	The normal size coating is yellow and the small size coating is brown
	Resistance tolerance: $\pm 2\%$, $\pm 5\%$, $\pm 10\%$
package	<ol style="list-style-type: none">1. Retailing Package:Anti-static bag2. Bulking Packing: 1000Pcs/Lot3. Retailing Box package design according to your requirement(Order > 5000PCS)

Warm Note	Welcome ODM/OEM orders ,we are professional

to improve,design,process,manufacture products
according to your requirement .

**Package
included:**

5 lots* 1/4W Carbon film resistor $\pm 5\%$
