

## OKY4051

**Product Name:** 2004 LCD Display Module With Adapter LCD 20X4 For RAMPS1.4 Reprap 3D Printer

**Product Module:** [OKY4051](#)

### Product Description:

100% brand new and high quality

Material: Electronic Component

Color: See pictures

The intelligent controller includes an SD card reader, a rotary encoder and a 20-character by 4-line LCD display.

You can easily connect it to your RAMPS 1.4 board using the "smart adapter" included.

This panel connects to your RAMPS 1.4 after you do not need your PC to power your SD Card Smart Controller.

Further all the operations, such as calibration, the axis motion can be done only with the rotary encoder of the intelligent controller.

No computer print 3D design, just use the G code design stored in the SD card.

No Retail Packages

Quantity: 1Pc

Note: Due to the difference between different monitors, the picture may not reflect the actual color of the item. Thank you!
